

**Keep Jackson Beautiful's Annual
GARBAGE ART CONTEST**

**Is A Great Way To
Learn About Recycling**

Throughout the year, many classes will be making some very sophisticated artwork out of such items as paper towel rollers, drink cans, bottles, styrofoam packaging, etc.

We call this "garbage art" because it made out of materials that you might otherwise throw away. Be sure to save it and enter the contest. The rules are simple. All you have to do is use recyclable materials to make the art.

Entries must be turned in at Keep Jackson Beautiful's office on April 16-17. The entries will be judged on April 22, 2009 EARTH DAY at Jamie Fowler Boyles Park on Lakeland Drive.
